## IS A TRANSPORT AT LAST

CENTENNIAL FINALLY GETS A  
GOVERNMENT CHARTER.

Arrives This Morning En Route to  
Manila With Quartermaster and  
Commissary Stores.

The S. S. Centennial, which after  
long waiting and a somewhat acrimo-  
nious controversy between her owners  
and rival ship owners seeking charters  
from the government is at last in the  
United States service, and arrived this  
morning, en route to Manila.

She carries 1,300 tons of quartermas-  
ter and commissary stores, but only  
one passenger.  
The Centennial, which was original-  
ly built for the trade between England  
and the far east, was bought at the  
beginning of the war for the purpose  
of chartering her to the government.  
For some reason, though she was passed  
on favorably by the government in-  
spectors, she did not get a charter. Her  
owners charged this to the influence  
of rival ship owners anxious to get  
charters for their own vessels. After  
the peace protocol was signed the Cen-  
tennial was chartered by the syndicate  
which sent the City of Columbia here.  
She made one round trip between Se-  
attle and the Islands.

A month ago she was chartered to  
carry supplies to Manila. She sailed  
from San Francisco on the night of  
February 6th. She left British Colum-  
bia for San Francisco with enough coal  
aboard to carry her to Manila. But at  
San Francisco she was ordered to dis-  
charge a part of it, to take on coal  
here, the government having so much  
here now that it wants to use up some  
of it.

The officers of the Centennial are  
Captain George H. Pierce, First Officer  
James Eagles, Second Officer James  
Griffin, Third Officer W. W. Plumb,  
Chief Engineer R. S. Smith, Assis-  
tants Gillespie, E. Benson and Charles  
Holmgren, Purser Charles Simpson,  
Surgeon Hugh Ross.

It will take several days to coal the  
Centennial.

## THE SAMOAN IMBROGLIO

CHIEF JUSTICE CHARGED WITH  
INTRIGUE.

The German Officials of the Islands  
Tell Their Side of the Story—Ami-  
cable Settlement Expected.

BERLIN, February 4.—The German  
government claims to have received  
advice from Samoa which dispose the  
ministers to in no wise acquiesce in  
the view that the German representa-  
tives are entirely to blame for the re-  
cent troubles. A high foreign officer  
said:

"Our representations from Samoa  
this week narrate in detail the events  
preceding the bursting of the storm in  
consequence of the royal election. We  
begin to see more clearly into mat-  
ters. There has been for some time  
past serious friction between Chief  
Justice Chambers and Dr. Johannes  
Bauffel (the German president of the  
municipality of Apia), and Herr Rose  
(the German Consul at Apia), arising  
from mutual recriminations as to the  
conduct of official business and per-  
sonal differences. Mr. Chambers ap-  
pears to have been engaged in promot-  
ing agitation in favor of the Malietoa  
party. If this is confirmed we shall  
ask for an explanation, as such con-  
duct is a direct contravention of the  
Berlin treaty, which expressly pro-  
vides that the Supreme Judges shall  
not meddle with national elections,  
but shall remain strictly neutral on  
such occasions. It seems, however,  
that Mr. Chambers joined in the in-  
trigues of the English missionaries,  
who feared that Protestant interests  
would suffer by the ascension of the  
Roman Catholic, Matafua. The Ger-  
man Government does not go to the  
length of claiming that Mr. Chambers  
did so act, but if the reports are con-  
firmed, we shall ask for an explana-  
tion. Possibly, on the American side,  
facts may be adduced tending to show  
that our representatives also exceeded  
their proper powers. If complaints  
are made they will be impartially and  
amicably settled. No formal requests  
or complaints have yet been made by  
either government, and there is evi-  
dently a desire on both sides to settle  
the whole difficulty in a friendly way.  
Respecting the latest incident, it  
seems undeniable that a German cre-  
ated a disturbance, smashing windows,  
etc., but we fail to see how Mr. Cham-  
bers deemed it his duty to place the  
offended under his jurisdiction instead  
of leaving him to consular jurisdic-  
tion, as the Samoa acts prescribed.  
This action on the part of Mr. Cham-  
bers will also need explanation. The  
incident, however, is trifling. Our re-  
ports indicate that, generally speak-  
ing, order now reigns at Samoa."

The correspondent of the Associat-  
ed Press spoke to the United States  
Embassador, Andrew D. White, on the  
subject, and he said the above state-  
ment tallied with his own informa-  
tion. Mr. White added that he had  
not received fresh instructions from  
Washington, and he had no doubt that  
the troubles would be amicably ad-  
justed by the three powers interested.

### BREAKING IN.

C. J. Faneuf, who will eventually  
represent the police department at  
Waianae, is assisting at present in the  
office of the deputy marshal.

### OREGON PICTURES.

Fred Weed is among the kodak  
fiends who have obtained snap shots  
of the Oregon since she has been off  
port. His pictures are among the  
clearest and best yet seen. Several of  
them are at sun-set and combine a  
very fine effect.

### CHEAP POSTAGE.

The increased use of the mails that  
has been brought about by cheap post-  
age is strikingly illustrated by the  
case of British colonies, which have  
had penny postage since Christmas.  
The mail from England to Canada has  
increased 50 per cent and the East In-  
dian and West Indies both gain 30 per  
cent.

### "IS HE DEAD?"

How many more funerals will Co-  
lumbus have? It is the greatest un-  
dertaking we ever heard of.—Burling-  
ton Hawkeye.

## We Know By Experience

Wise men use the experience of others  
and make it their own.

Those who have taken Hood's Sarsa-  
parilla are the ones who are competent to  
speak of its merits.

Thousands of these people say Hood's  
Sarsaparilla has cured them.

The testimonials of cures by Hood's  
constitute a vast mass of testimony which  
proves the power of this medicine to cure  
a great variety of diseases.

These cures often seem marvelous, yet  
they are perfectly natural and are easily  
explained. They are the necessary result  
of purifying and enriching the blood.

Pure blood is the foundation of health.  
Hood's Sarsaparilla is the One True Blood  
Purifier and cures disease by purifying  
and enriching the blood.

It possesses peculiar curative power,  
that is, it cures when other medicines  
cannot cure, because it is peculiar in com-  
bination, proportion and process.

That is all there is to be explained about  
the cures by Hood's Sarsaparilla.

If you have faithfully tried Hood's Sar-  
saparilla you know how it is yourself; if  
you have not tried it, why not do so today?

"I have been troubled with scrofula all  
my life, and it affected my eyes so that I  
was obliged to remain in a dark room. I  
began taking Hood's Sarsaparilla. Now  
my eyes are so strong that the light never  
troubles me, and my health is good."  
MRS. CARRIE WEEKS, Lompoc, Cal.
